

Uno 250mm GX53 Flush Mount in Aged Brass

SKU: 080021

Details

Designed to bring adaptable lighting and refined simplicity to contemporary interiors, the UNO range pairs clean architectural forms with an interchangeable GX53 globe system.
The UNO 250mm GX53 Flush Mount in Aged Brass brings a softly burnished metallic accent to the range's sleek, low-profile design. Its warm brass finish introduces a considered decorative note without compromising the clean silhouette, making it well suited to entrances, bedrooms, dining areas and layered living spaces.
Unlike a fixed integrated LED fitting, the interchangeable globe design allows the light source to be replaced without changing the entire fixture. This model is compatible with both 200mm and 220mm GX53 globes, giving you flexibility over light output and colour temperature. Globe sold separately.
Explore the wider UNO family, including pendants, mini flush mounts, 250mm and 270mm flush mounts in minimalist black and white or expressive bronze, concrete, opal glass, gypsum, walnut and oak finishes, plus streamlined exhaust fans.
