

Uno Exhaust Fan and Light with 240mm Dia Cut Out in Black

SKU: 209055

$189.00 (inc GST)

Details

The Uno Exhaust has a semi recessed design, giving the appearance of a modern flush mount or oyster light, whilst providing the benefits of an exhaust fan. With the motor component being completely hidden – the air is drawn from around and behind the replaceable GX53 bulb (18W 200mm GX53 Globe recommended, sold separately). Each Uno Exhaust Fan effectively clears steam, odours, and humidity to keep your environment fresh and comfortable. Designed with an integrated back draft stopper, these fans prevent reverse airflow, enhancing energy efficiency and comfort.
Don't forget to add our range of Lucci Air flexible ducting and ducting accessories to complete your exhaust fan installation. For an exhaust fan to have optimum performance, the volume of air being extracted should be equal to the amount of air entering the room. Air is drawn mostly from under a door, or an open window. If the bathroom or room is airtight (door and windows shut), the exhaust will not perform well.

Specifications

SKU	209055
Colour/Finish	Black
Airflow	250m3/hour
Location	Indoor Use Only
Globe Included	false
Wattage Max	18W
Globe Quantity	1
Globe Type	GX53
Voltage	240V
Poles	No
Fan Motor Wattage	45
Decibels	0
Rpm	0

Brand	Lucci Air
Style	Modern
Warranty	3 years
Extension Rod	No
