

Vector 900mm LED Colour-Switching Wall Sconce in Brass

SKU: 198103

Details

Illuminate your vanity with sophistication using our Vector Linear 900mm LED mirror light. Crafted with a minimalist design, this low-profile fixture boasts clean lines and minimal detailing, ensuring a sleek and modern aesthetic for your bathroom space. The frosted diffuser enhances optimal light distribution, providing even illumination across your mirror. Designed with precision, the fitting has a depth tailored for seamless placement against your mirror, preserving the light output without any obstruction. The inclusion of a CCT toggle switch discreetly located on the top allows you to effortlessly select your preferred colour temperature, ensuring a personalised lighting experience.

What sets the Vector apart is its additional Scene Control setting, accessible through your standard wall switch. This feature allows you to cycle through three colour temperatures – Cool White, Warm White, and Daylight – directly from your wall switch, providing unparalleled convenience. Start your day with invigorating Cool White for grooming tasks, transition to a soothing Warm White in the evening, and choose Daylight for a natural feel.

Available in various finishes – Black, White, Brass, Bronze, and Brushed Nickel – this Vector mirror light effortlessly complements diverse bathroom styles and tap wares. Elevate your bathroom ambiance with the perfect blend of functionality and style with our Vector Linear LED mirror light.
