

Vine 181cm DC Fan in White with White Washed Blades

SKU: 211042

$995.00 (inc GST)

Details

The Vine ceiling fan range combines large-scale performance with a relaxed, natural aesthetic. Featuring five blades with woven rattan inserts, the range is available in white with whitewashed blades, natural, and bronze with walnut blades, making it well suited to coastal, Hamptons and contemporary interiors.

With a generous 181cm blade span and energy-efficient DC motor, the Vine delivers powerful airflow while maintaining quiet operation. The alfresco-rated construction allows the fan to be used in covered outdoor areas as well as large indoor spaces, creating a consistent look throughout the home. A rechargeable remote provides six-speed control for easy operation, while Wi-Fi adaptability offers the option for smart control integration. Combining natural materials, large-scale proportions and reliable performance, the Vine range is designed for spacious living areas that require both airflow and visual impact.

DC Motor - Efficient, Cost Saving, and Quiet

The most energy-efficient ceiling fans on the market right now are DC or direct current fans. The key to their improved airflow and low energy consumption is their motor, which also helps you save money on your electricity bill. Since the motor is small and light, DC ceiling fans have sleek designs that fit better in your interiors and cost just one cent an hour to run. Additionally, they are silent in operation, making them ideal for private spaces in your house like the bedroom. You have a lot of versatility with the speed settings of DC fans, which range from a light breeze to an extremely intense airflow.

Remote Control

6-speed rechargeable remote control. *USB-C cord and charger are not included. For instructions on how to pair the remote, please follow the steps in this video: Remote Pairing

Smart Compatible

Insert the Lucci Connect Wi-Fi Module (sold separately - 216180) into the receiver to activate smart functionalities. Once paired with the Lucci Connect app, you can turn your fan on/off, adjust its speed, set timers, and even create schedules based on the temperature outside.

Alfresco Rating

Suitable for indoor and alfresco areas, provided the fan is fully undercover, protected from water, wind, dust, and salt, with a minimum of 2 walls.

Recommended Room Size

For rooms between 4m x 4m or greater, we recommend a fan between 142cm and above.

2-Year In-Home + 7-Year Motor Replacement Warranty

We provide a 2-year in-home warranty and a 7-year motor replacement warranty on all hard-wired Lucci or Fanaway fans that were purchased from 1st October 2022. Plus, if you have your fan purchased or installed by a Beacon Lighting Trade member, we'll extend your in-home warranty on the nominated Lucci or Fanaway fan for an extra 1 year, which means you'll enjoy a 3-year in-home warranty.
