

Volare 630mm LED Colour-Switching Wall Bracket in Brushed Chrome with Smoke Glass

SKU: 196051

Details

The Volare wall light brings architectural elegance to interiors, pairing a sleek nickel frame with thick smoke glass panels for a look that feels both refined and contemporary. Its elongated silhouette creates a striking presence, making it ideal for hallways, bedrooms, living spaces or beside artwork where layered light is desired.

With selectable colour temperatures of 3000K, 4000K or 5500K, Volare adapts beautifully to different moods and settings, from warm and inviting to crisp and practical. Dimmable functionality adds another layer of flexibility, allowing you to shape the ambience to suit the moment while enjoying both visual impact and everyday usability.

Selectable colour temperatures of 3000K, 4000K or 5500K allow the light output to be tailored to the space, while dimmable functionality provides additional control over brightness.
