

ODEON DAY NIGHT SLEEP LED TASK LAMP

SKU# 001010, 001011

Rated Voltage 24V  0.55A

To ensure correct function and safety, please read and follow all instructions carefully before assembly, installation and use of the product. Please keep the instructions for future reference.

Warranty

- This luminaire is covered by a 3-year warranty valid for in-store replacement or refund only.
- The warranty period starts from the date of purchase. Please retain the proof of purchase.
- The warranty will be void, if there is any damage due to improper usage or modification to the luminaire.
- Failure to comply with the instructions in this manual may increase the risk of damage or injury and will void the warranty.

Installation requirements

- Select a suitable location for the luminaire:
 - Ensure it is on a flat and stable surface.
 - This portable luminaire is suitable for indoor use only.
 - Do not place flammable material near or over the portable luminaire.
 - Ensure the portable luminaire is not installed in direct line of an air vent/system.
 - If the portable luminaire is placed in an area prone to moisture, ensure that the area is well ventilated, and an appropriately rated exhaust fan is used if required. Damage or corrosion caused by moisture is not a product fault, and as such is not covered under warranty.
- Only use the supplied plug in LED driver with this luminaire.
- Take care not to pull any electrical wires during unpacking as this may damage the connection.
- Lay out all the components on a smooth surface and make sure no components are missing before assembling. If parts are missing, return the complete product to the place of purchase for inspection or replacement.
- Check whether the luminaire has been damaged during transport. Do not operate/install any product which appears damaged in any way. Return the complete product to the place of purchase for inspection, repair or replacement.
- Do not plug into the mains power socket outlet before or during assembly. Only do so after the portable luminaire is fully assembled and is ready to use for the first time.

Installation directions

1. Remove all packaging material from the luminaire.
2. Select a suitable location for the luminaire. See the requirements above.
3. Plug the LED driver connector (B) into the luminaire.
4. Adjust the luminaire arm to you desired angle.
NOTE: Do not adjust the arm backward more than 77° and forward more than 63°, as this may damage the joint or the internal wiring.
5. Adjust the luminaire head to you desired angle.
NOTE: NOTE: Do not adjust the head up more than 60° and down more than 12°, as this may damage the joint or the internal wiring
6. Plug the LED driver (C) into the mains socket outlet and ensure it is fully plugged in.
7. Turn on the mains power socket outlet.

8. Use the touch switch (A) to turn the luminaire ON and OFF and to adjust the colour temperature.

COLOUR SHIFTING VIA THE TOUCH SWITCH (2200K -3000K-4000K - 5000K):

1. Press the touch switch (A) to turn ON the luminaire
2. Short press the touch switch (A) to change the colour temperature. The colour temperature sequence is: 2200K (night light) → 3000K → 4000K → 5000K.
3. Short press the touch switch(A) three times (within 1 sec) to enter 2200K night light mode directly.
4. Long press and hold the touch switch(A) to dim the luminaire. **NOTE:** The 2200K (night light) cannot be dimmed.
5. Short press the touch switch(A) twice (within 1 sec) to turn OFF the luminaire.

NOTE: Do not adjust the arm backward more than 77° and forward more than 63°, as this may damage the joint or the internal wiring.

NOTE: Do not adjust the head up more than 60° and down more than 12°, as this may damage the joint or the internal wiring

Safety tips

- Always ensure the power is OFF and the luminaire has cooled down before performing any maintenance, cleaning or adjustment to the luminaire.
- To avoid injury or damage to the luminaire, ensure that power leads and screws are secure before connecting the power.
- The light source of this luminaire is not replaceable; when the light source reaches its end of life the whole luminaire shall be replaced. There are no serviceable parts, do not attempt to dismantle or open the luminaire.
- Young children should be supervised to ensure that they do not play with the portable lamp.
- Handle the luminaire and shade with care to avoid any damage or breakage.
- Select a suitable location away from liquids and hazards.
- Ensure that the luminaire does not come in contact with corrosive chemicals/solvents or abrasive cleaners etc.
- To clean, wipe with a damp clean cloth. Do NOT soak or immerse the product in water or other liquids.
