

CREATE II FINISHING KIT

SKU# 011466, 011467, 011468, 011469, 011470, 011471

NOTE: This instruction manual is the installation directions for the finishing kit only. The suspension cord is sold separately, refer to the instruction manual included with the suspension cord for installation directions.

To ensure correct function and safety, please read and follow all instructions carefully before assembly, installation and use of this product. Please keep the instructions for future reference.

Warranty

- This portable luminaire is covered by a 12-month warranty valid for in-store replacement or refund only.
- The warranty period starts from the date of purchase. Please retain the proof of purchase.
- Warranty will be void if there is any damage due to improper usage or modification to the portable luminaire.
- Failure to comply with the instructions in this manual may increase the risk of damage or injury and will void the warranty.

Installation Requirements

- This installation instruction is for the finishing kit only. No electrical wiring connection or disconnection is required for installation of the finishing kit. The service of a licensed electrician is not required.
- The suspension cord (sold separately) must be assembled and installed by a licensed electrician.
- Lay out all the components on a smooth, non-scratch surface and make sure no components are missing before assembling.
If parts are missing, return the complete product to the place of purchase for inspection or replacement.
- Check whether the product has been damaged during transport. Do not operate/install any product which appears damaged in any way. Return the complete product to the place of purchase for inspection, repair or replacement.
- Ensure power to the circuit you are working on has been switched OFF before commencing any electrical work.

Installation Directions

NOTE: Ensure power to the luminaire (sold separately) you are working on has been switched OFF before commencing the installation.

INSTALLING FINISHING KIT WITHOUT A SHADE:

1. Install the Canopy Cover (A – Included with the Finishing Kit) by inserting the Lamp Holder (B – Included with the Luminaire, sold separately) through the hole and lifting up the canopy cover to the ceiling to magnetically attach to the Canopy (E). Note: make sure the decorative suspension ring (F) is positioned correctly in the central hole of the Canopy Cover. (Fig. 1)
2. Install Lamp Holder Cover (C – Included with the Finishing Kit) by threading this onto the Lamp holder (B – Included with the Luminaire, sold separately) (Fig. 2 on page 3)
3. (Optional) the Lamp Shade ring (D – Included with the Finishing Kit) can also be threaded onto to the Lamp Holder (B – Included with the Luminaire, sold separately) (Fig. 3 & Fig. 4 on page 3)
4. Install a globe (G – not included) into the lamp holder (B – included with the luminaire, sold separately). Do not exceed the maximum wattage rating of the luminaire.
5. Check and ensure the product is fully assembled, and all parts are secure before turning on the power. Switch the power ON to test and enjoy your new lighting product.

INSTALLING FINISHING KIT WITH A SHADE (SOLD SEPARATELY):

1. Install the canopy cover (A – included with the finishing kit) by inserting the lamp holder (B – included with the luminaire, sold separately) through the hole and lifting up the canopy cover to the ceiling to magnetically attach to the canopy (E). Note: make sure the decorative suspension ring (F) is positioned correctly in the central hole of the canopy cover. (Fig. 5)
2. To install with the lamp holder (B – included with the luminaire, sold separately) above the shade (Figure 6 on Page 5):
 - a. Install lamp holder cover (C – included with the finishing kit) by threading it over the lamp holder (B – included with the luminaire, sold separately) leaving enough of the lamp holder exposed to attach the following items. NOTE: ensure the threading within the lamp holder cover is at the bottom.
 - b. Attach the shade (H – sold separately) and secure it in place by treading the lamp shade ring (D – included with the finishing kit) onto the lamp holder (B – included with the luminaire, sold separately)

To install with the lamp holder (B – included with the luminaire, sold separately) hidden within the shade (Figure 7 on Page 5):

- a. Install lamp shade ring (D – included with the finishing kit) by threading it over the lamp holder (B – included with the luminaire, sold separately) and onto the upper threading (I).
 - b. Attach the shade (H – sold separately) and secure it in place by treading the lamp holder cover (C – included with the finishing kit) onto the lamp holder (B – included with the luminaire, sold separately) NOTE: ensure the threading within the lamp holder cover is at the top.
3. Install a globe (G – not included) into the lamp holder (B – included with the luminaire, sold separately). Do not exceed the maximum wattage rating of the luminaire.
4. Check and ensure the product is fully assembled, and all parts are secure before turning on the power. Switch the power ON to test and enjoy your new lighting product.
