SKU# 121365, 121366
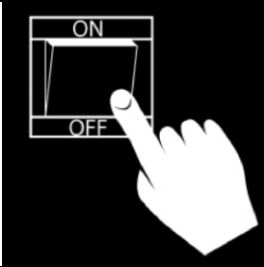

LUCCi LEDlux

- This lamp is not compatible with rotary dimmer switches.
  It has a built-in dimmer and is dimmable using an ON/OFF switch.

- This lamp must be used with a mechanical or relay ON/OFF switch*.
  *Is compatible with Lucci fan remotes.

- This lamp cannot be used with semiconductor ON/OFF switches.

- Only use this lamp with compatible Lucci products.

- Turn ON the switch for 100% brightness.
  Toggle the ON/OFF switch 2 times within 3 seconds for 50% brightness.
  Toggle the ON/OFF switch 3 times within 3 seconds for 15% brightness.

- Memory: after turning off for 7s, the luminous state will be memorized.
  For example, during middle-value gear and 7s after turning off, turn on
  again to make the lamp keep middle-value gear.

- Resetting: toggling ON/OFF switch 2 times within 1s. It does mean that
  within 1s after turning off, perform the following operation: turning
  on→turning off →turning on, the lamp will reset to 100% brightness

3 step switch dimming	
100% - 2000lm	Turn On
50% - 1000lm	2x click
15% - 300lm	3x click
