

SOUTHAMPTON LARGE EXTERIOR PENDANT

SKU# 231235

Rated Voltage 220-240V~ 50Hz

Thank you for purchasing this quality Lucci product. To ensure correct function and safety, please read and follow all instructions carefully before assembly, installation and use of this product. Please keep instructions for future reference.

Warranty

- This light fitting is covered by a 12 month warranty. The warranty is from date of purchase, not the date of installation.
- If the fitting is not assembled and installed by a licensed electrician the warranty will be void.
- Please retain proof of purchase and evidence of assembly and installation by a licensed electrician.
- Warranty will be void if there is any damage due to improper usage or modification to the fitting.
- Failure to comply with the instructions in this manual may increase the risk of damage or injury and will void warranty.

Installation Requirements

- Must be assembled and installed by a licensed electrician.
- All wiring and installation of the light fitting must adhere to local and national wiring rules. eg. AS/NZS 3000:2007/Amendment 2:2012 Electrical installations.
- This fitting is rated IP23. This must be maintained during the wiring and installation.
- Do not exceed the maximum wattage rating.
- Select a suitable location for installation:
 - This fitting is protected against water penetration to IP23 standards, which is rain only.
 - The fitting must be installed undercover, in a location where water cannot enter the canopy (F).
 - It is suitable for indoor or outdoor use.
 - The mounting point must support 2 times the weight of the fitting.
- Take care not to pull any electrical wires during unpacking as this may damage the connection.
- Lay out all the components on a smooth surface and make sure there are no components missing before assembling. If parts are missing, return the complete product to the place of purchase for inspection or replacement.
- Check whether the fitting has been damaged during transport. Do not operate/install any product which appears damaged in any way. Return the complete product to the place of purchase for inspection, repair or replacement.
- Ensure power to the circuit you are working on has been switched OFF before commencing any electrical work.

Installation Directions

1. Remove all packaging material from the product and be careful not to throw away accessories that may be hidden within the packaging material.
2. Decide on the suspension length of your pendant by installing the different lengths of rod (I) onto the canopy (F) and body (J). Ensure the rubber grommets (H) are installed at all the various joint positions and feed the cable through.
3. Remove the mounting bracket (B) from the canopy (F) by loosening the nuts (G).
4. Use the mounting bracket (B) as a template to mark the screw positions on the ceiling.
5. Install the mounting bracket (B) onto the ceiling by using washers (C), mounting screws (D) and anchors (A). Ensure the mounting screws (D) and anchors (A) used are suitable for the mounting surface and the surrounding environment.
6. Remove the terminal box cover and connect the mains supply wire to the terminal block (E).

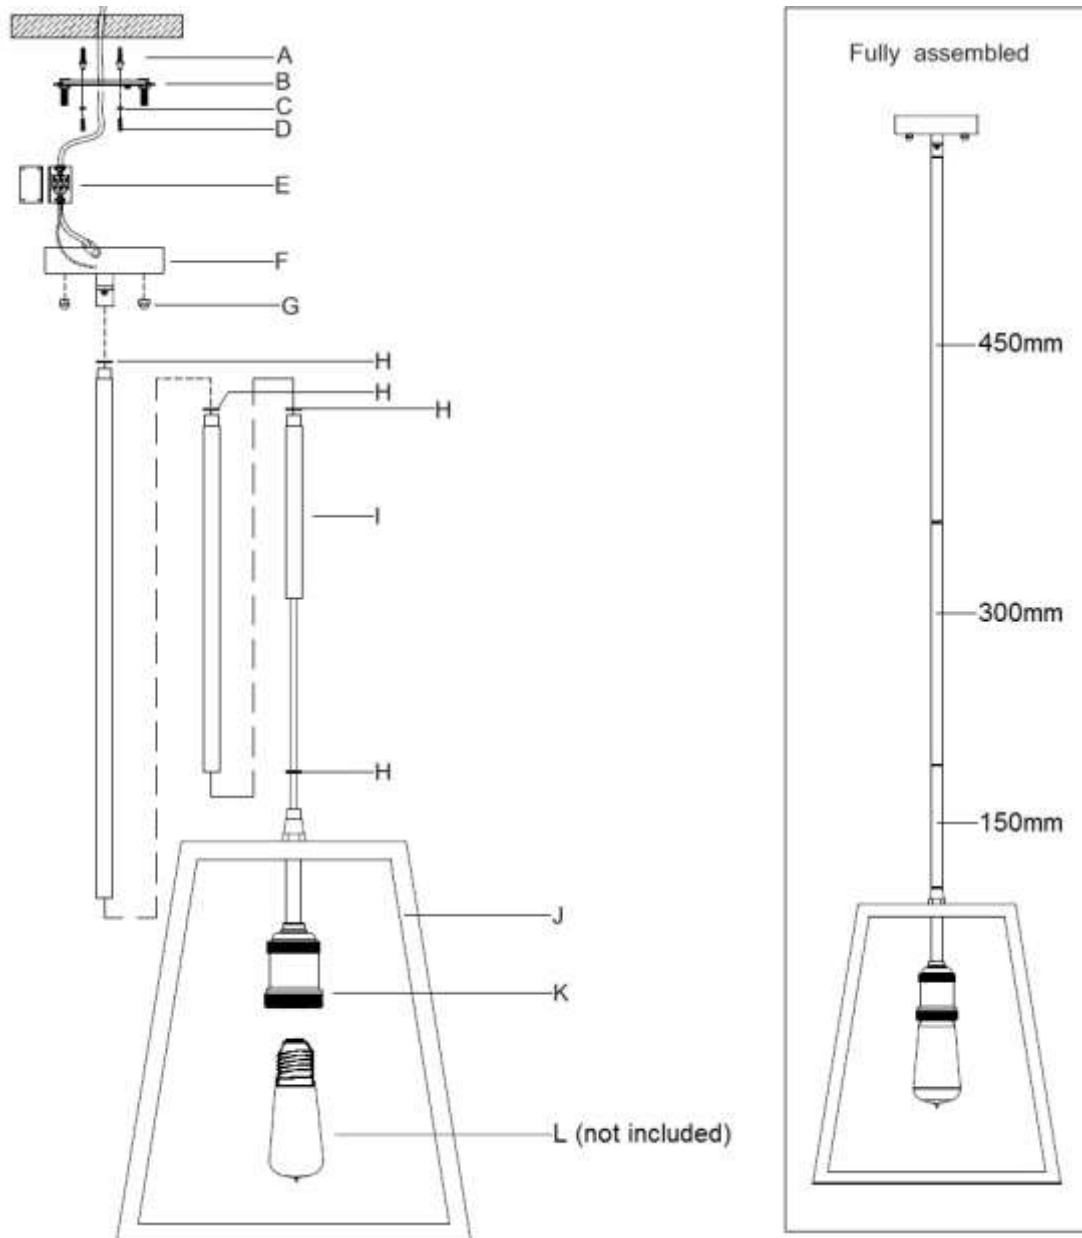

Mains Supply Wire

Earth – Yellow/Green 
 Neutral – Blue or Black
 Live – Brown or Red

Fitting

Yellow/Green or 
 Blue or “N”
 Brown or “L”

7. Ensure the wires are secure and no bare wires are exposed. Install the cover back onto the terminal box.
8. Install the canopy (F) onto the mounting bracket (B) by tightening the nuts (G).
9. Install a globe (L - not included) into the lamp holder (K). Do not exceed the maximum wattage rating.
10. Make any final adjustments to the fitting and check that all parts are secured tightly before turning on.

Safety Tips

- Always ensure the power is OFF and the fitting has cooled down before performing any maintenance, cleaning, changing the globe or adjustment to the fitting.
- To avoid injury or damage to the fitting, ensure that power leads and screws are secure before connecting the power.
- The fitting must not be used if the protective shield has been cracked. Replace any cracked protective shield.
- Ensure that the fitting does not come in contact with corrosive chemicals, etc.
- To clean, wipe with a damp clean cloth. Never soak the fitting with water.
