

ARLO LED TABLE LAMP

SKU# 259140, 259141

Rated Voltage 5VDC, 1A, 4.7W

Thank you for purchasing this quality Lucci product. To ensure correct function and safety, please read and follow all instructions carefully before assembly, installation and use of this product. Please keep instructions for future reference.

Warranty

- This luminaire is covered by a 3-year warranty valid for in-store replacement or refund only.
- The warranty period starts from the date of purchase. Please retain the proof of purchase.
- The warranty is for the luminaire only and does not include the rechargeable battery.
- Warranty will be void if there is any damage due to improper usage or modification to the luminaire.
- Failure to comply with the instructions in this manual may increase the risk of damage or injury and will void the warranty.

Installation Requirements

- Select a suitable location for installation:
 - Ensure it is on a flat and stable surface.
 - This product is suitable for indoor or outdoor use.
 - This luminaire is protected against water penetration to IP44 standards, which is splashing water from any direction.

NOTE: The cover on the charging port MUST be fully covered for the potable luminaire to be rated IP44.

If the cover on the charging port is NOT covered, the potable luminaire is rated IP20.

- The luminaire must not be used if the protective shield or shade has been cracked or damaged.
- Lay out all the components on a smooth surface and make sure no components are missing before assembling. If parts are missing, return the complete product to the place of purchase for inspection or replacement.
- Check whether the luminaire has been damaged during transport. Do not operate/install any product which appears damaged in any way. Return the complete product to the place of purchase for inspection, repair or replacement.

Installation Directions

Remove all packaging material from the product and be careful not to throw away accessories that may be hidden within the packaging material. If assembly is required, place the luminaire on a smooth non-scratch surface.

1. Open the plastic cover at the base of the luminaire to access the USB-C charging port.
2. Insert the included USB cable into the USB-C charging port and connect to a computer/laptop or power adaptor to charge the portable luminaire. It will take approximately 5 hours to fully charge. The LED light next to the USB-C port will be orange during charging, when it is fully charged it will turn green.

NOTE: Please ensure an appropriate power adaptor is used to charge the portable luminaire.

The rated input is 5VDC, 1A.

3. After the portable luminaire is fully charged:
 - Short press the touch switch to turn the portable luminaire ON/OFF.
 - Long press the touch switch to dim the portable luminaire.
4. When the portable luminaire is connected to a USB power supply it has a rated 190 lumens output.
When the portable luminaire is using the battery it has a rated 85 lumens output and will run for approximately 5 hours.

NOTE: The run time will reduce over time.

Safety Tips

- Always ensure the power is OFF and the luminaire has cooled down before performing any maintenance, cleaning or making any adjustment to the luminaire.
- Young children should be supervised to ensure that they do not play with the luminaire.
- Handle the luminaire with care to avoid any damage or breakage.
- To clean, wipe with a soft damp cloth. Do NOT soak or immerse the luminaire in water or other liquids.
- Ensure that the luminaire does not come in contact with corrosive chemicals/solvents or abrasive cleaners etc.
- The luminaire must not be used if the protective shield or shade has been cracked or damaged. Replace the protective shield or shade before using the luminaire.
- The light source of this luminaire is not replaceable; when the light source reaches its end of life, the whole luminaire shall be replaced. There are no serviceable parts, do not attempt to dismantle or open the luminaire.
