

Bentley

Small SKU# 260897

Large SKU# 260898

Rated Voltage 220-240V~ 50Hz

Thank you for purchasing this quality Lucci product. To ensure correct function and safety, please read and follow all instructions carefully before using the product. Please keep the instructions for future reference.

Warranty

- This light fitting is covered by a 12 month warranty. Please retain proof of purchase.
- Warranty will be void if there is any damage due to improper usage or modification to the fitting.

Installation requirements

- Do not exceed the maximum wattage rating.
- Select a suitable flat and stable surface location for installation;
 - This product is suitable for indoor use only.
 - Ensure the fitting is not placed/located next to any air vents and is not in any moist or damp areas.
 - Do not place flammable material near or over the fitting.
- Take care not to pull any electrical wires during unpacking as this may damage the connection.
- Lay out all the components on a smooth surface and make sure there are no components missing before assembling.
- Check whether the fitting has been damaged during transport. Do not operate/install any product which appears damaged in any way. Return the complete product to the place of purchase for inspection, repair or replacement.
- Do not plug into mains power outlet for the duration of the assembly. Only do so after the portable lamp is fully assembled and ready to use for the first time.

Installation directions

1. Remove all packaging material from the product.
2. Attach the main stem onto the base first, by screwing the base and stem together.
3. Remove the lamp holder ring from the lamp holder.
4. Place the shade through the lamp holder via the ring in the middle of the shade frame and secure shade with the lamp holder ring.
5. The height of the portable lamp can be adjusted by releasing the locking screw and raising or lowering the telescopic stem. Tighten the locking nut after completing adjustments. **Note: Height adjustable for SKU# 260898 only.**
Note: Be careful not to force the arms as this may damage the telescopic stem. (Not covered by warranty).
6. Install a globe (globe sold separately) into the lamp holder. Do not exceed the maximum wattage rating.
7. Insert the plug into the socket outlet and ensure it is fully plugged in.
8. Turn power on at the socket outlet.
9. Use the cord line switch to turn the lamp ON/OFF.

Safety tips

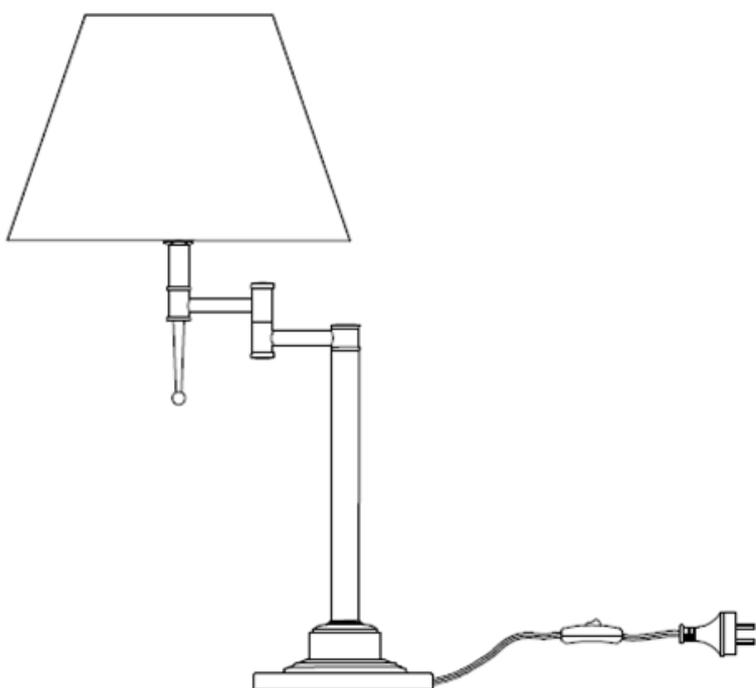

- Always ensure the power is OFF and the fitting has cooled down before performing any maintenance, cleaning, changing the globe or adjustment to the fitting.
- Do not allow Children to play with this portable lamp.
- Do not touch the globe with bare hands. Use a clean cloth, gloves or a tissue.
- To avoid injury or damage to the fitting, ensure that power leads and screws are secure before connecting the power.
- Select a suitable location away from liquids and hazards.
- Ensure that the fitting does not come in contact with corrosive chemicals, etc.
- To clean, wipe with a damp clean cloth. Never soak the fitting with water.
