

## LAGO PORTABLE LED CONVERTIBLE LAMP

SKU# 261510, 261511

Rated Input 5V DC, 2A

To ensure correct function and safety, please read and follow all instructions carefully before assembly, installation and use of this luminaire. Please keep the instructions for future reference.

### Warranty

- This luminaire is covered by a 3-year warranty valid for in-store replacement or refund only.
- The warranty period starts from the date of purchase. Please retain the proof of purchase for any warranty enquiries.
- The warranty will be void, if there is any damage due to improper usage or modification to the luminaire.
- Failure to comply with the instructions in this manual may increase the risk of damage or injury and will void the warranty.

### Installation Requirements

- Select a suitable location for the luminaire;
  - Ensure it is on a flat and stable surface.
  - This product is suitable for indoor or outdoor use.
  - This luminaire is rated against water penetration to IP44 standards, which is water splashing from any direction.
  - Do not place flammable material near or over the luminaire.
- Take care not to pull any electrical wires during unpacking as this may damage the connection.
- Lay out all the components on a smooth surface and make sure no components are missing before assembling. If parts are missing, return the complete product to the place of purchase for inspection or replacement.
- Check whether the luminaire has been damaged during transport. Do not operate/install any product which appears damaged in any way. Return the complete product to the place of purchase for inspection, repair or replacement.

**NOTE: This luminaire can be assembled in 3 different configurations, please refer to each one below:**

**Floor Lamp** – See the installation directions and diagram on Page 2.

**Table Lamp** – See the installation directions and diagram on Page 3.

**Spike Lamp** – See the installation directions and diagram on Page 4.

## Installation Directions for Floor Lamp

1. Install three of the 380mm length rods onto the base.
2. Install the luminaire head onto the top rod.
3. Go to page 5 for the operation directions and the battery and charging information.

## Installation Directions for Table Lamp

1. Install the 250mm length rod onto base.
2. Install the luminaire head onto the top of the 250mm rod.
3. Go to page 5 for the operation directions and the battery and charging information.

## Installation Directions for Spike Lamp

1. Install the 250mm length rod onto the spike.
2. Install three of the 380mm length rods onto the base.
3. Install the luminaire head onto the top rod.
4. Go to page 5 for the operation directions and the battery and charging information.

## Operation Directions

1. Remove all packaging material from the product.
2. Select a suitable location for the luminaire. See the installation requirements above.
3. Assemble the luminaire according to your required configuration.
  - Floor Lamp** – See the installation directions and diagram on Page 2.
  - Table Lamp** – See the installation directions and diagram on Page 3.
  - Spike Lamp** – See the installation directions and diagram on Page 4.
4. Press the touch switch on the top of the luminaire head to turn it ON/OFF and adjust the brightness level:
  - Press once, the light will be on and reach 100% of the full brightness;
  - Press twice, the light will be 50% of the full brightness;
  - Press third time, the light will be 10% of the full brightness;
  - Press fourth time, the light will be OFF.

## Battery and Charging Information

**NOTE: The luminaire includes a re-chargeable Li-Battery. The battery is non-replaceable. Do not attempt to replace the battery. When the battery reaches its end of life, the whole luminaire shall be replaced.**

To charge the luminaire, plug the provided USB cable into the charging port and connect the USB cable to a power adaptor.

**NOTE:** Please ensure an appropriate power adaptor is used for charging according to the rated input (5V, 2A) of this luminaire.

## Safety Tips

- Always ensure the power is OFF and the luminaire has cooled down before performing any maintenance, cleaning or adjustment to the luminaire.
- To avoid injury or damage to the luminaire, ensure that the power lead is secure before connecting the power.
- The luminaire is not a toy. Young children should be supervised to ensure that they do not play with the luminaire.
- The luminaire includes a built-in Li-ion battery. The battery of this luminaire is not replaceable; when the battery reaches its end of life, the whole luminaire shall be replaced. Contact your local council to safely dispose of equipment with a built-in battery.
- Handle the luminaire and shade with care to avoid any damage or breakage.
- Select a suitable location away from direct sunlight and hazards.
- Due to the nature of the touch button, excessive moisture on the top of the luminaire may result in the touch sensor being triggered, causing the luminaire to inadvertently turn on/off.
- Ensure that the luminaire does not come in contact with corrosive chemicals/solvents or abrasive cleaners etc.
- To clean, wipe with a damp clean cloth. Never soak the luminaire with water.
