

LANCE LED FLOOR LAMP

SKU# 269365

Rated Voltage 24V  1000mA

Thank you for purchasing this quality Lucci product. To ensure correct function and safety, please read and follow all instructions carefully before assembly, installation and use of this product. Please keep the instructions for future reference.

Warranty

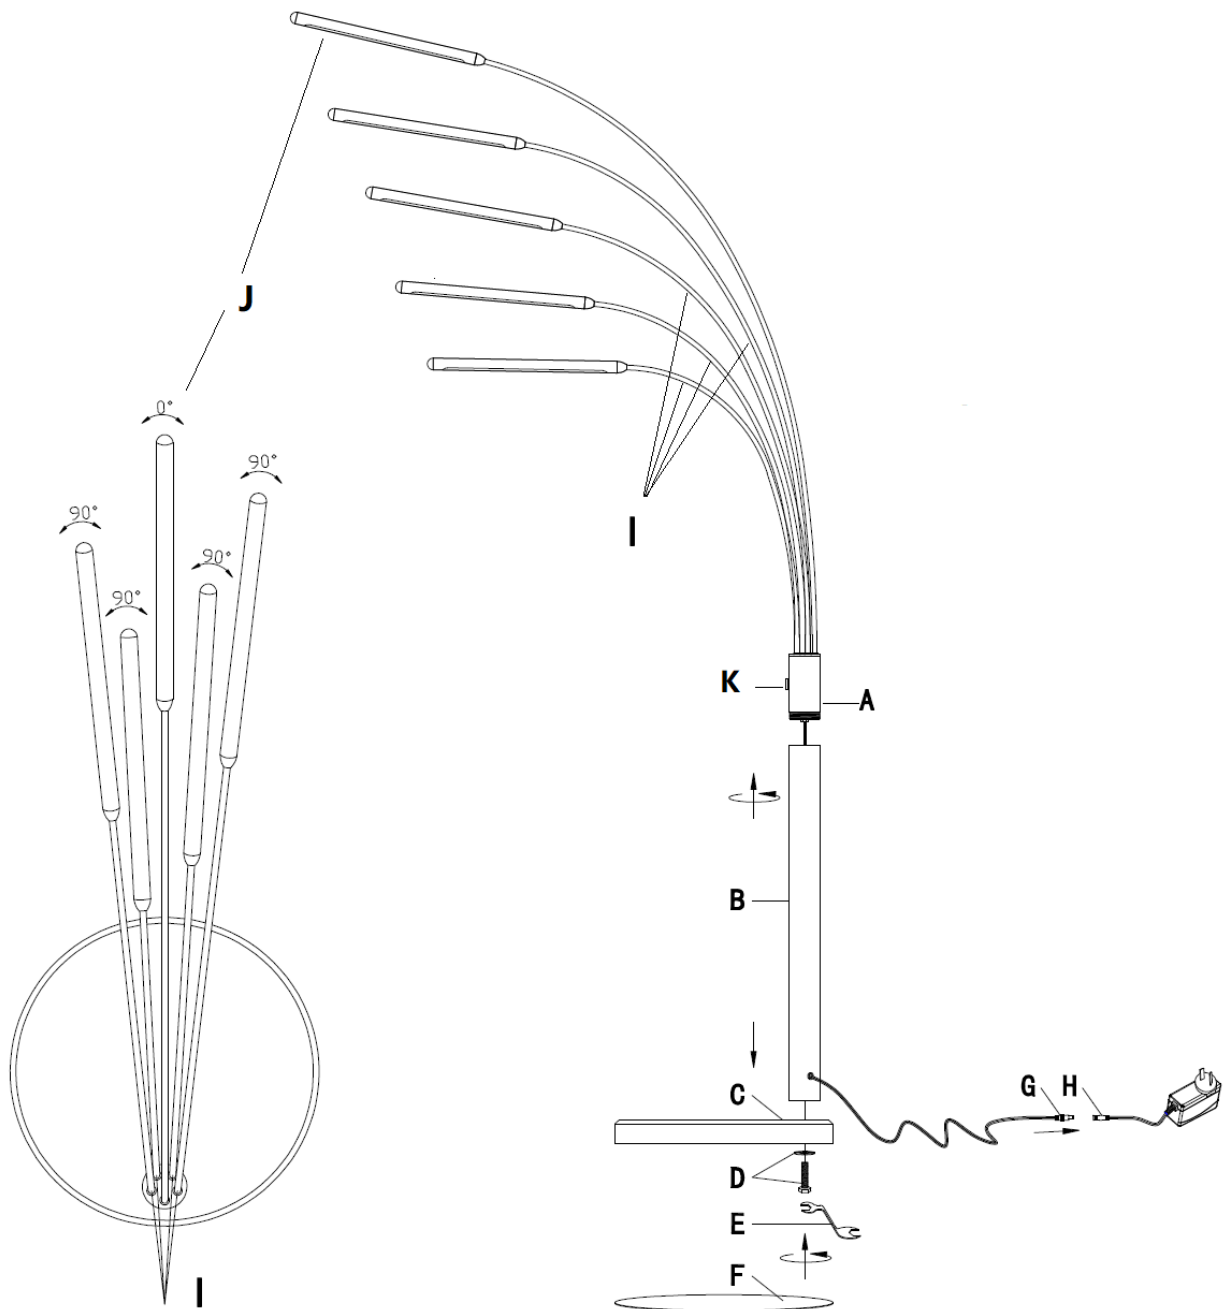

- This fitting is covered by a 3 year warranty from the date of purchase. Please retain proof of purchase.
- Warranty will be void if there is any damage due to improper usage or modification to the fitting.
- Failure to comply with the instructions in this manual may increase the risk of damage or injury and will void warranty.

Installation Requirements

- Select a suitable location for this light fitting:
 - This product is suitable for indoor use only.
 - Do not place flammable material near or over the fitting.
 - Ensure the fitting is not installed in direct line of an air vent/system.
 - If the fitting is placed in an area prone to moisture, ensure that the area is well ventilated and an appropriately rated exhaust fan is used if required. Damage or corrosion caused by moisture is not a product fault, and as such is not covered under warranty.
- Only use the supplied plug in LED driver with this fitting.
- Take care not to pull any electrical wires during unpacking as this may damage the connection.
- Lay out all the components on a smooth surface and make sure there are no components missing before assembling. If parts are missing, return the complete product to the place of purchase for inspection or replacement.
- Check whether the fitting has been damaged during transport. Do not operate/install any product which appears damaged in any way. Return the complete product to the place of purchase for inspection, repair or replacement.
- Do not plug into the mains power socket outlet before or during assembly. Only do so after the portable lamp is fully assembled with the globe installed and is ready to use for the first time.

Installation Directions

1. Remove all packaging material from the product.
2. To help with assembly, lay the fitting on its side on a smooth non scratch surface.
3. Tighten the rod (A) onto rod (B), Secure the rod (B) to lamp base (C) by using spanner (E) to tighten the screw and washer (D), stick the protective pad (F) onto the bottom side of the lamp base.
4. Adjust the LED head rods (I) to the desired angle. **NOTE:** Do not rotate more than 90° as this may damage the internal wires. **NOTE:** Do not rotate the LED head rods (J), these are affixed to the rod (I).
5. Plug the connector (G) into the LED driver output socket (H).
6. Insert the plug into the mains power socket outlet and ensure it is fully plugged in.
7. Turn power on at the mains power socket outlet.
8. Click the touch switch button (K) on to turn the lamp on. Press and hold the switch button to increase the brightness, Press and hold the switch again to decrease the brightness.
NOTE: This fitting has a memory function which allows it to retain the last used light stage when turned off then turned back on.

NOTE: When adjusting the LED head rods (I), do not adjust more than 90° as this may damage the internal wires.

NOTE: Do not rotate the LED head rods (J), these are affixed to the rod (I).

Safety Tips

- Always ensure the power is OFF and the fitting has cooled down before performing any maintenance and cleaning to the fitting.
- The external flexible cable or cord of this luminaire cannot be replaced; if the cable or cord is damaged, the luminaire shall be destroyed.
- Young children should be supervised to ensure that they do not play with the portable lamp.
- Select a suitable location away from liquids and hazards.
- To clean, wipe with a soft damp cloth. Do NOT soak or immerse the product in water or other liquids.
- Ensure that the fitting does not come in contact with corrosive chemicals/solvents or abrasive cleaners etc.

- The light source of this luminaire is not replaceable; when the light source reaches its end of life the whole luminaire shall be replaced.
