*Google Home requires Wi-Fi, Google Account and a compatible device. Google Home is a trademark of Google LLC.

Combine our easy-to-use **LUCCI CONNECT APP** with a smart speaker and immerse yourself in endless lighting possibilities. Switch lights on and off, dim to create ambiance and change the lighting to suit your mood with 16 million colour options – all without lifting a finger.

Light your home smarter with our **NEW Lucci CONNECT** smart lighting range

Google Home

Control your lighting with just a few words.

Google Home is powered by the Google Assistant, and lets you use your voice to dim your lights, change the colour of your globes and switch lights on and off. Google Home is a big help, hands-free.*

amazon echo

Always ready, connected and fast. Just ask.

Amazon Echo provides the magic of hands-free voice control to help you live brighter. Ask Alexa to turn your lights on or off, dim the brightness – even change the mood from energised to intimate.

DIY Quick Connect System

3 EASY DIY STEPS

1

PLAN THE POSITION OF YOUR LIGHTING

Placement is important. Garden lighting should highlight features by illuminating key areas, trees and pathways.

2

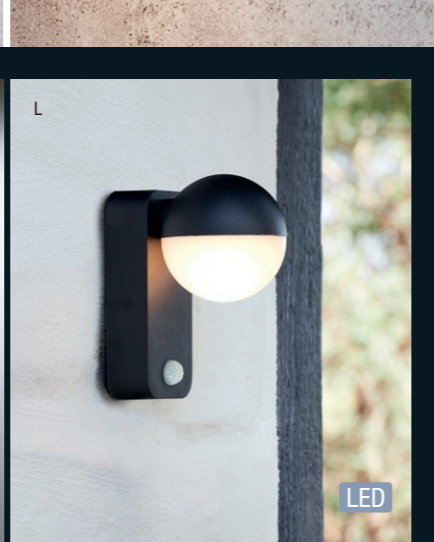

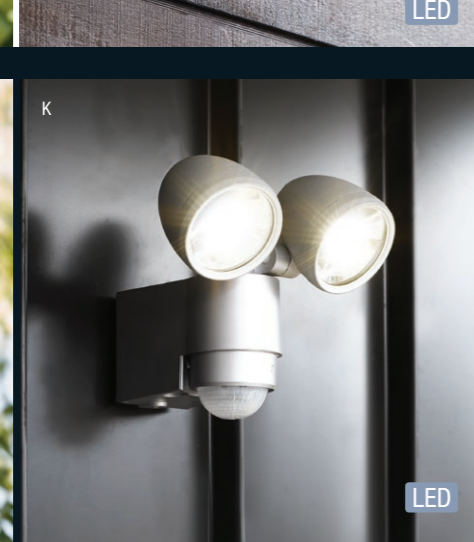

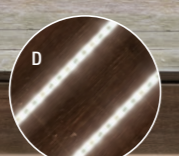

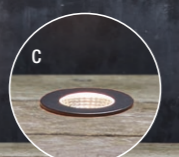

SELECT YOUR PRODUCT

Choose from our wide range of Quick Connect spike spots, bollards, ribbon lights, wall, step and deck lights. View the full range online.

3

INSTALLATION

Complete your customised lighting design with our easy-to-install wiring kits and accessories. No power supply in your garden? Beacon's DIY Solar Cell is the perfect solution.
