WANT MORE AIR FLOW FOR LESS? CHOOSE A DC FAN

Direct current (DC) powered ceiling fans use less energy yet provide high airflow, operate silently and cost just 1¢ per hour to run.*

*The calculations of costs and savings are approximates only and may vary according to use and size of fan and are based on an average electricity price of 0.26¢ per kWh.

2-YEAR IN-HOME + 7-YEAR MOTOR REPLACEMENT WARRANTY ON LUCCI AIR AND FANAWAY FANS

We provide a 2-year in-home warranty and a 7-year motor replacement warranty on all hard-wired Lucci or Fanaway ceiling fans.

1-year extension to the in-home warranty when your fan is purchased or installed by a Beacon Trade Member.

COMPATIBLE

LUCCI
CONNECT

DC FANS

With the Lucci Connect app or voice control, convenience and customisation are at your fingertips. You can effortlessly control your fan with a tap on your smartphone or a voice command, managing power, speed, timers, and even crafting personalised schedules based on outdoor temperatures. The Lucci Connect app seamlessly integrates with your fan, offering complete control over your comfort. Plus, you can still use the traditional remote control whenever you prefer a tactile approach.

AC FANS

To make your existing AC fan smart, use the Lucci Connect smart remote kit. It's an easy-to-install solution that transforms your fan into a smart device. Once connected, you gain access to a range of features, including remote control, scheduling, and voice command functionality. This upgrade enhances both convenience and energy efficiency, giving you a Smart home experience tailored to your preferences.

HOW TO CHOOSE THE RIGHT FAN FOR *your* SPACE

All our fans fall into one of three categories based on their suitability for different locations. These categories are identified by these three symbols.

INDOOR
ONLY

Suitable for indoor use only.

ALFRESCO
OR INDOOR

Suitable for indoor and alfresco areas, provided the fan is undercover with a minimum of 2 walls. Fan must be positioned in a location protected from water, wind, dust and salt.

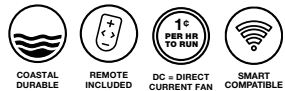

COASTAL
DURABLE

Suitable for indoor, alfresco and coastal areas, provided the fan is undercover with a minimum of 1 wall. Fan must be positioned in a location protected from water, wind and dust.
