PENDANTS

A designer choice for stylish ambient and task lighting, pendants are equally stunning whether as a single statement piece, in pairs or in a cluster.

They can double up as decorative, mood-setting pieces and functional light sources and can also be used as feature lighting to enhance architectural details or to create a specific atmosphere.

LAMPS

Transform any space instantly and easily with lamps.

When it comes to interior styling, it's the little details that make all the difference. Complete the look and bring visual symmetry and style, create moods and add drama or contrast to a space. Lamps are also super functional multi-taskers. Besides providing brilliant illumination, many have USB charging ports, colour changing functions, wireless charging bases for smart phones and even integrated Bluetooth speakers! Some can be turned on or dimmed with just a touch of the hand.

STEP LIGHTS

DESIGN TIP

Play around with placement: use step lights on every step, on alternate steps, or in a diagonal pattern to create interest. Avoid placing in-ground lights at the top of a step as they can sometimes create a halo effect, causing a blind spot.

STRIP LIGHTING

Give your home an architectural look with Masson For Light custom LED strip lighting. With a compact design, it fits in any space and creates concealed lighting systems that add style and functionality to your home. Customise your design by simply choosing your profile, LED and driver. There are endless ways to use strip lighting from backlighting mirrors and under floating cabins to walk-in robe joinery, pelmets and ceiling coffers.

MFL STRIP
LIGHTING

BATHROOM LIGHTING

Your bathroom is your own private sanctuary where you start and finish your day.

Styling with the right lighting is key to making it a space where you can feel your best. As with other rooms in your home, your bathroom lighting should follow the same layered approach, i.e., ambient light for general illumination, task lighting for grooming and accent lighting for decorative highlights. With lights, mirrors and more available in our bathroom range, you can create a practical yet stunning ambience where you can relax and rejuvenate.

TRACK & SPO

Strategically placed track lighting brings a sophisticated, modern look while providing practical illumination.

It also allows the homeowner to adjust the light distribution to match future style updates. Consider installing track lighting to highlight features like artwork and architectural details or to throw light into specific areas of a room.

OTLIGHTS

BEACON

DOWNLIGHT

Bring a sophisticated, modern look to your home with strategically placed downlights that provide practical illumination and create a welcoming ambience.

Light up any space in your home with recessed downlights that are fitted into the ceiling and provide glare-free light. For more flexibility and an architectural look, choose adjustable downlights that allow you to move the light frame to focus on different areas, like your favourite artwork on the wall. Surface mounted downlights are ideal when you can't drill holes into the ceiling, as they're fixed on the surface of the ceiling.

ARTISAN DIMMER

MFL
BY MASSON

When standard dimmers won't do.

The MFL by Masson Artisan collection of dimmers is an innovative and customisable range of splashproof products constructed with the finest materials. With an Artisan dimmer, you take full control of your lighting - simply rotate to dim and press to turn on and off. Available in white, black, brass, and nickel, Artisan dimmers are ideal for highly visible locations where ordinary will detract from your design.

Dimmers can be standalone or integrated into the Artisan recessed wall light

SECURITY *lighting*

Guard Link is an interconnected system of security lights and sensors. When one security light detects motion within 30 feet, all lights on the network will activate. The range is available in both 1 and 2 light options, each light with over 1000lm per head and colour changing options at installation.

The installation and set-up are straightforward, with no need for confusing apps. This product is coastal-rated with an IP rating of IP44.
