PENDANTS

A DESIGNER CHOICE FOR STYLISH AMBIENT AND TASK LIGHTING, pendants are equally stunning whether as a single statement piece, in pairs or in a cluster. They can double up as decorative, mood-setting pieces and functional light sources and can also be used as feature lighting to enhance architectural details or to create a specific atmosphere.

LAMPS

TRANSFORM YOUR SPACE INSTANTLY AND EASILY WITH LAMPS.

When it comes to interior styling, it's the little details that make all the difference. Complete the look and bring visual symmetry and style, create moods and add drama or contrast to a space. Lamps are also super functional. excellent multi-taskers. Besides providing brilliant illumination, they have USB charging ports, colour changing functions, wireless charging bases for smart phones and even integrated Bluetooth speakers! Some can be turned on or dimmed with just a touch or wave of your hand.

BATHROOM LIGHTING

YOUR BATHROOM IS YOUR OWN PRIVATE SANCTUARY WHERE YOU START AND FINISH YOUR DAY.

Styling with the right lighting is key to making it a space where you can feel your best. As with other rooms in your home, your bathroom lighting should follow the same layered approach, i.e., ambient light for general illumination, task lighting for grooming and accent lighting for decorative highlights. With lights, mirrors and more available in our bathroom range, you can create a practical yet stunning ambience where you can relax and rejuvenate.

IN-GROUND & STEP LIGHTS

INSTALL IN-GROUND AND STEP LIGHTS ALONG A HALLWAY OR STAIRCASE TO CREATE
a visually interesting ambience while also providing illumination for safe passage in these high traffic areas.

IN-GROUND & STEP LIGHTS

DESIGN TIP

VIEW OUR FULL RANGE OF
STEP LIGHTS

Our latest collection of Step Lights; Hilo & Gala feature innovative Day Night Sleep technology that allows the light colour and brightness to be adjusted with the flick of a switch. Play around with shape. Select an arch for a wide, diffused spread of light, round for a wide but even spread, or linear for a deeper, narrow beam.

DOWNLIGHTS

BRING A SOPHISTICATED, MODERN LOOK TO YOUR HOME

with strategically placed downlights that provide practical illumination and create a welcoming ambience.

Light up any space in your home with recessed downlights that are fitted into the ceiling and provide glare-free light. For more flexibility and an architectural look, choose adjustable downlights that allow you to move the light beam to focus on different areas, like your favourite artwork on the wall. Surface mounted downlights are ideal when you can't drill holes into the ceiling, as they're fixed on the surface of the ceiling.

DESIGN STUDIO®

DOWNLIGHTS

livewell

FEEL BETTER, EVERY DAY

It's proven that lighting affects your sleep-wake cycle, so, at Beacon, we design technical lighting based on expert advice to match your daily routine. Use bright cool white light during the day to keep you alert and focused, and switch to dim warm white light at night to help your body relax and prepare for sleep.

Our MFL Accent collection is a beautiful range of downlights that provides you with a versatile and customisable lighting solution. The high performance Accent downlights range features low glare lighting, interchangeable reflectors, and a range of beam spreads. The MFL Accent has been designed with a simple magnetic release reflector to enable the simple change of the beam angle. These lights are 12W, have initial lumens of 650, and are available in warm-white and cool white. Accent downlights also feature an IP rating of 20, an IC -4 rating, and a CRI of 90, making them both high quality and functional downlights. The wide distribution of the downlights also allows you to use the Accent range to highlight artwork or features throughout your home, or they can also be used to wash a wall down.

BUSTER & PUNCH SWITCHES

ARTISAN DIMMER

WHEN STANDARD DIMMER SWITCHES WON'T DO

The MFL by Masson Artisan collection of dimmers is an innovative and customisable range of splashproof products constructed with the finest materials. With an Artisan dimmer, you take full control of your lighting - simply rotate to dim and press to turn on and off. Available in white, black, brass, and nickel, Artisan dimmers are ideal for highly visible locations where ordinary will detract from your design.

Dimmers can be standalone or integrated into the Artisan recessed wall light

SECURITY *lighting*

Guard Link is an interconnected system of security lights and sensors. When one security light detects motion within 30 feet, all lights on the network will activate. The range is available in both 1 and 2 light options, each light with over 1000lm per head and colour changing options at installation. The installation and set-up are straightforward, with no need for confusing apps. This product is coastal-rated with an IP rating of IP44.
