Colour	Brown

## DESCRIPTION

Manor barn steel adjustable 1.2m pendant rod set only in oil rubbed bronze (shade sold separately).

The Manor range of pendants have a refined Industrial style. Industrial is also about minimalist and unfinished and old style looks. You have the ability to customise your lighting with the Manor range as it is Mix and Match. You can choose from a selection of metal or glass shades and a metal cage. You then select a rod or a suspension cord, adjust the height of the suspension cord or rod as needed and hang. Try using a single globe on its own with a suspension cord or rod for that minimalist look. Cluster and hang at different lengths to create a wow factor. The Manor range has a heavy construction, the rods are very solid, cast lamp holders and solid steel shades. Copper ball joint - adjustable to 90 degrees. Lipped skirt on lamp holder for secure fit. Steel rod – has 3 different rod lengths so you can choose ideal height for your home. Rod lengths: 300mm, 400mm and 500mm Robust Industrial finish with particular attention to detail. Ability to take many different combinations of Shade, Glass, and Decorative Cage MUST USE enclosed spacer when pairing with: 300mm Steel Shade, 200mm Steel Shade. DO NOT USE spacer when assembled with: 380mm Steel Shade, 300mm Glass Shade, 350mm Glass Shade. Would look great hung beside a bed or over a kitchen bench. The pewter, oil rub bronze and antique brass finishes within the range are both suited to a warehouse decor or add impact to a plain room. A mix of three different styles would be effective hung over a heavy industrial style wooden dining room table. Add the metal Shade, glass shade, decorative cage or a combination & finish your own look with a Karbon globe!
