DESCRIPTION

LEDlux Marine IP65 LED 6W exterior spike spot in LM6 aluminium

The functionality of the LEDlux Marine range offers a perfect mix of both design and efficiency. The LEDlux Marine is constructed from CNC aluminium and is IP65 rated making it suitable for interior and exterior applications including seaside locations. The LEDlux marine uses a Bridgelux COB LEDs. COB, chip on board, lighting technology comprises of many small chips integrated into one large chip. With COB technology, you will receive a singular light source, similar to a bi pin in a MR16 globe. [Click Here](#) for Installation Instruction.
