DESCRIPTION

Alert 1000W LED compatible security sensor in black

The Alert LED compatible security sensor is rated IP44 and is suitable for indoor or outdoor use. The sensor is not suitable for use with dimmer switches and should not be used with a circuit which has a dimmer switch. The Alert sensor should be mounted, for optimum performance, 2.5m above ground level and has a detection area of 180 degrees and an approximate range of 10m. The rated loading for the Alert sensor is: Incandescent - 1000W Fluorescent - 300W LED - 150W. [Click Here](#) for installation instructions.
