DESCRIPTION

MFL by Masson Accent Pinhole adjustable 650 lumen LED dimmable white downlight in warm white with interchangeable oval or round face plates. Interchangeable reflectors included for different beam angles

This downlight has integrated LED's in the fitting . The MFL Pinhole downlight is designed to create a mood with a controlled spread of light. The pinhole downlight comes with both an oval and round face plates and is perfect to highlight artwork or wall, creating pools of light down hallways or on tables or bench tops. The reflectors have been carefully designed to allow great design flexibility with a 15,38 and 60 degree reflector supplied with each downlight. The 60 degree reflector is perfect for general lighting providing a large pool of diffused light. The 38 degree can be used on higher ceilings pushing more light onto the working plane and also great for highlighting art. The 15 degree beam is great for cascading light down a wall, highlighting a table or artwork or creating pools of concentrated light. This gimble downlight is a stylish and minimalist design with low glare reflectors that provide comfortable lighting. The gimble action directs the full spectrum light in your desired direction. This product has been tested with the following dimmers:

DIGINET LED Smart MEDM, Clipsal 31E2RUDM, 32E450TM, 32E450UDM, 31E2PUDM and 32ELEDM, HPM: Cat. 400T, and Lucci LEDlux SKU# 290998.

For the best dimming range, use with the Lucci LEDlux SKU# 290998 dimmer and adjust the variable resistor at minimum and maximum dimming positions on the dimmer during the installation.
