#### DESCRIPTION

Fanaway Evora 90cm retractable acrylic blades ceiling fan and light in black with reverse function for use in winter, remote control compatible (sold separately)

Fanaway Evora from FANAWAY® is an advanced ceiling fan with unique aesthetics and energy efficient design. Switched off, the traditionally intrusive fan blades automatically retract and conceal, and visually the unit transforms into a slim, modern light pendant. Turning the fan on creates a centrifugal force which deploys the blades to circulate air within a room. It creates open space in the room environment, accumulates less dust, and is unobtrusive and versatile to visually integrate into most building interiors. Fanaway Evora with its 90cm retractable blades and energy efficient light is perfect for small bedrooms. Please note- this fan with its advanced blade technology does require that the blades be cleaned regularly. For optimal performance, we recommend you clean your Fanaway blades every season [Click Here](#) for Installation Instructions.
