DESCRIPTION

Boulder square 240V GU10 2 light up/down wall bracket in black

Available in 1 or 2 light options in round or square, the Boulder is made from a corrosion resistant ABS plastic material and 304ss screws, making it a great option for coastal areas. These take a GU10 8W Max globe (not included). The Boulder range of exterior lights is IP65 rated meaning that they are protected against low pressure jets of water from all practicable directions.
