DESCRIPTION

Philips Hue 6.5W 250 lumen dimmable RGB + white globe

The Philips Hue RGB + White globe allows you to play with light and choose from 16 million colours to instantly change the look and feel of your room. Set the scene effortlessly with one touch of a button. Save your favourite light settings and recall them with a tap of your finger. Philips Hue will help get you out of bed the way you like it, helping you start your day feeling refreshed. The light brightness increases gradually mimicking the effect of sunrise and helps you wake up naturally, instead of being woken up by the loud sound of an alarm clock. Light influences our mood and behavior. Philips Hue can help you to customize your daily routines into moments you can enjoy. Skip your morning coffee and get ready for the day with cool, bright white daylight that helps to energize your body and mind. Stay focused with finely tuned bright white light. Or put your feet up and relax with a soft glow of white light for the perfect end of the day. Connect your Philips Hue lights with the bridge and start discovering the endless possibilities. Control your lights from your smartphone or tablet via the Philips Hue app, or add switches to your system to activate your lights. Set timers, notifications, alarms, and more for the full Philips Hue experience. Philips Hue even works with Amazon Alexa, Apple HomeKit and Google Home to allow you to control your lights with your voice.
