## DESCRIPTION

LIFX 102mm 13W gimble downlight with built-in Wi-Fi and LIFX Cloud. This offers full lighting control through LIFX iOS, Android and Windows 10 apps.

LIFX Mini RGB & White downlight is the perfect WI-FI enabled LED light with millions of colours and whites - no hub required. LIFX Mini RGB & White downlight works with leading voice and Smart home platforms. The easy set up of LIFX means that it screws in like any traditional light bulb. Simply download the app, connect to Wi-Fi and you're ready to go. This globe comes with built in Wi-Fi & LIFX Cloud which offers full lighting control via Wi-Fi with LIFX iOS, Android and Windows 10 apps. You can control lights individually or as groups, set timers for one touch automation. LIFX Mini works with Amazon Alexa, Apple HomeKit, the Google Assistant, Nest, Samsung SmartThings, IFTTT, Flic, Scout and more. The LIFX downlight replaces your original downlight, pop in, plug it in, and secure with tabs. Insulation can only be abutted to the side of this downlight. The downlight is fully dimmable so you can experience subtle adjustments in brightness to enhance the comfort of any room, change the brightness for time of day or the space it is used in. Choose from 16 million colours and full range of warm to cool whites with flexibility to select your brightness as well. LIFX is not intended for use in wet or damp areas.
