DESCRIPTION

Portsea 1 light exterior close to ceiling light in galvanised with glass diffuser

The Portsea is a stylish range of indoor/ outdoor wall brackets and indoor/ outdoor close to ceiling fittings with a vintage, industrial appeal that has decorative features reminiscent of an old barn. Featuring an IP44 rating, plus an oversized clear glass shade, as well as the elegant goose neck feature on the wall bracket, the Portsea range will add character to your home. The close to ceiling fitting is the perfect option for homes with limited ceiling heights. This fitting being IP44 means it can be installed outdoors but does need to be installed in a place where it is not exposed to full weather [Click Here](#) for Installation Instructions
