Bayside Fort 2 light LED 1000 lumen white spotlight in cool white	

*Price and Product details are correct only at the time of printing.

The Bayside Fort is made of die cast aluminium and glass front diffuser this IP44 rated fitting also has an integrated LED included.. This fitting is non dimmable, and cannot be installed on a circuit that has an existing dimmer on it. This fitting also includes a PIR sensor, which continuously scans the operating zone and will immediately switches the light on when it detects movement in that area. The ideal mounting height for this light is between 2.3 metres to 2.7 metres above the detection area. The detection area is approximately 5m to 12m away at an angle of 100 degrees wide. This detection area will vary depending on the mounting height and location. [Click Here](#) for Installation Instructions.
