DESCRIPTION

MFL by Masson Click ES white trim lampholder. (For a more designer look, the trim on this product can be removed, however, MFL by Masson Plaster Trimless, SKU 177092, must be used in conjunction with this product, sold separately)

The MFL CLICK System is an Innovative easy to use lighting system that will reinvigorate the way you consider and implement lighting design in your home. From utilising a single cut – out size (90mm Dia) the MFL CLICK system with it's extensive range of Trims, Downlights, Spotlights, Lampholders, Pendant Connectors and Sensors can be used to produce an endless array of possibilities and solutions to light up your home. Installation is a simple application for existing and new constructions with minimal access required to the roof space. The MFL CLICK system luminaries are designed for installation in a plaster ceiling for a flawless finish, that produces gentle seamless 'pockets of light' perfect for use anywhere a minimalist aesthetic is desired. If using the trimless components, the installation frames need to flush plastered into the ceiling prior to painting and downlight installation. The MFL CLICK system is perfect for high-end residential or commercial projects where that perfect unbroken look will add value or amplify the profile of a space. The MFL CLICK System units are Petite, bright which bring an element of sophistication and style. This LED white downlight is dimmable. For the best dimming range, use with the Lucci LEDlux SKU# 290998 dimmer and adjust the variable resistor at minimum and maximum dimming positions on the dimmer during the installation.
