DESCRIPTION

LEDlux Moby LED table lamp with motion sensor

The Moby LED lamp is a modern lighting choice for any living space. This lamp is packed with features including wave motion sensor technology, is portable and rechargeable using the USB plug included. To operate, 1. Touch the main switch (4) to activate the lamp. 2. Once the lamp is activated, wave your hand over the lamp to turn it on and off. 3. To adjust the brightness, place your hand above the lamp and move it up and down. 4. Press the power switch (4) again and the lamp will turn off. To charge the LEDlux Moby, plug the provided USB cable into the charging port and connect the USB cable to a power adaptor (not included) The charging indicator will be red when charging and will be off when fully charged. (Time to fullycharge is approximately 3-4 hours). [Click Here](#) for Installation Instructions.
