DESCRIPTION

LEDlux Banks LED 620mm dimmable colour shifting wall bracket in aged brass

*Price and Product details are correct only at the time of printing.

Taking its name and design from traditional Bankers style lamps, but providing the latest in technology. The Banks comes complete with a Tri Colour touch switch, allowing you to seek out a colour that works for you, no matter the time of day – simply tap to shuffle between Cool White, Warm White and Day Light. Dimming functionally has also been included. Hold the touch button to decrease or increase the brightness. Banks also has a memory function, so once you've set your favourite colour and preferred brightness level, you can use your wall switch to turn the fitting on or off, and it will always return to the previously stored setting. IP44 provides piece of mind when installing in wet areas, such as a bathroom. Product specifications are from the latest shipment of these products as LED production is constantly improving. Current stock may have different specifications to what is stated on the website. [Click here](#) for installation instructions
