

Finn 1 Light Pendant in Grey Concrete

\$229.00

DESCRIPTION

The Finn is a minimalistic designed concrete pendant available in 3 colours including white, grey and mint. The natural concrete shade is contrasted with the solid black rotatable bracket, allowing for directional lighting in any space. Each pendant also includes a 2m black cloth covered cord suspension. The rawness of coloured concrete would work in well with brick feature walls, timber and other earthy tones and textures. Please note each product will differ slightly in appearance due to the natural raw material [Click here](#) for installation instructions.
