

Fanaway Evo1 Prevail Chrome Ceiling Fan with Clear Retractable Blades and LED Light and Remote

DESCRIPTION

Fanaway EVO1 from FANAWAY® is an advanced ceiling fan with unique aesthetics and energy-efficient design. Switched off, the traditionally intrusive fan blades automatically retract and conceal, and visually the unit transforms into a slim, modern light pendant. Turning the fan on creates a centrifugal force which deploys the blades to circulate air within a room. It creates open space in the room environment, accumulates less dust, and is unobtrusive and versatile to visually integrate into most building interiors. Please note- this fan with its advanced blade technology does require that the blades be cleaned regularly. For optimal performance, we recommend you clean your Fanaway blades every season.

Available in white, chrome and brushed chrome.

Retractable Blades

With cutting-edge fans from our Fanaway collection that can be switched from a stylish pendant to a fan at the touch of a button, you can take your interior fashion to the next level. These fans are an exclusive Beacon Lighting innovation, designed and created in Australia. All Fanaway fans operate according to the same novel principle: when turned off, the fan's typically obtrusive blades automatically retract and conceal, turning the device into a chic air pendant. When activated, the blades spread out to move air throughout a space. Additionally, retractable blade ceiling fans are easier to maintain and care for because they collect less dust and feature cleanable blades.

AC Motor - Reliable, Affordable, and Versatile

Since they have been around for a while and are affordable, AC, or alternating current, ceiling fans, are a popular option. The convenience you need to conveniently control the temperature of your house is provided by AC ceiling fans, which are also very simple to maintain and can be operated with either a wall control or a remote.

Remote Control

3-speed remote control with colour temperature shift function included.

Integrated LED Light

Included is an in-built bright dimmable LED light that can shift between warm white, cool white and day light.

Indoor Rating

Suitable for indoor use only.

Recommended Room Size

For rooms up to 3m x 3m, we recommend a 122cm fan or lower.

2-Year In-Home + 7-Year Motor Replacement Warranty

We provide a 2-year in-home warranty and a 7-year motor replacement

warranty on all hard-wired Lucci or Fanaway fans. Plus, if you have your fan purchased or installed by a Beacon Lighting Trade member, we'll extend your in-home warranty on the nominated Lucci or Fanaway fan for an extra 1 year, which means you'll enjoy a 3-year in-home warranty.

SPECIFICATIONS
