

Sunset LED Round Wall Sconce with Sensor in Black

\$89.95

DESCRIPTION

Sunset Solar Round Wall sconce is a DIY solar powered Wall sconce with inbuilt sensor and is IP44 rated. Suitable for outdoor use only. This product has a built-in rechargeable battery and when installing, it is best installed in a position where the sensor can detect body motion movement. The ideal mounting height for installation for the fitting is between 1.5m to 2.3m above the detection area. The detection area is approximately 6 metres away at an angle of 90 degrees wide. This may vary depending on the height and location. Once the solar panel is fully charged, the light will have 100 light up times, with the lighting staying on for 40 seconds each time its senses movement. The timeframe the light stays on, can not be altered.

SPECIFICATIONS

SKU	240740
IP Rating	44
Globe Type	Integrated LED
Globe Quantity	0
Colour Temperature	Warm White
Kelvins	3000K
Lumens	200
Material	ABS
Voltage	3.7V
Double Insulated	No
Height (mm)	0
