

LEDlux Poppy LED Wireless Charging Lamp in White

\$89.95

DESCRIPTION

A true combination of both style and function, the Poppy table lamp is a clever design that charges your Qi compatible smart device, simply by placing it on the lamp. The lamp is made from silicone/rubber, making it soft to touch/squeeze and is not hot to touch. To Operate the light of the LEDlux Poppy: 1. Touch the LED on/off key to switch the light on and off. 2. Long press the LED on/off key to adjust the brightness of the luminaire. Wireless charging: NOTE: The wireless charger is only compatible with Qi-compatible devices. Only charge your devices which are compatible. If unsure, check the user manual of your device. 1. Place your device on the wireless charging area. Make sure the device is over the cross symbol. 2. The charging will be activated automatically. Check the status of your device to ensure the charging is activated. Please note: Adjust the position of the device if the charging is not activated. The status indicator will be green if it is charging, and will be red when fully charged. Please note- this lamp does not come a power adaptor as it is a wireless charging lamp.

SPECIFICATIONS

SKU	250908
