\$129.00

DESCRIPTION

Minimalist and with utmost practicality, Uno is an unobtrusive yet stylish choice for any space. Unlike many LED oyster lights on the market, the Uno range features a unique and innovative interchangeable LED globe design. This allows for the centre light to be switched out at any time without the need of an electrician, providing flexibility in the choice of light output, colour temperature, greater longevity and peace of mind.

Only compatible with the 200mm GX53 Globe.
