

Reflexion 900mm Curved Mirror with Integrated LED Colour-Shifting Light in Brass

DESCRIPTION

See yourself in the best light with our range of LED mirrors. Not only do they add a touch of elegance to your space, but they also offer exceptional functionality; dimmable integrated lights, adaptable colour temperatures, touch controls and splash-proof IP44 ratings for peace of mind in wet areas. Reflexion mirrors provide a perfect spread of uninterrupted light that envelops your face, eliminating pesky shadows and dark spots; ideal for bathrooms, powder rooms, dressing area or even as a multifunctional light in a dark hallway. The entire Reflexion range of mirrors includes a discrete, integrated touch button - Tap the touch button to change the colour between Warm, Cool or Daylight to suit your mood or use. To adjust the brightness, tap and hold the button until your desired brightness is reached. Your Reflexion also has a memory, so once you set your favourite colour and brightness, you can turn it off - knowing your chosen settings will be there for you when you next turn your Reflexion on. Whether installed in a family bathroom for general face level lighting or as a stylish addition to a moody powder room - our range offers shapes, sizes, and frame options to suit any decor.
