

## Google Nest Protect Battery Smoke Alarm

**\$199.00**

### DESCRIPTION

---

There's never been a smoke and CO alarm quite like this. Nest Protect looks for fast-burning fires, smouldering fires and carbon monoxide. It also speaks up when there's a problem, can be silenced from your mobile and will even send a message to your mobile in case you're not home.

#### Key Features

##### Get alerts on your mobile.

Nest Protect sends you a message when there's a problem or the batteries are running low.

##### Tells you what, and where.

Nest Protect speaks up if there's smoke or CO and tells you where it is so that you know what to do.

##### Sees the CO that you can't.

Carbon monoxide is an invisible, poisonous gas. Nest Protect tells you where it's hiding.

##### A light in the dark.

Nest Protect usually has its light turned off, but when you walk underneath it, Pathlight can light your way.

##### Every second counts.

The Split-Spectrum Sensor looks for both fast- and slow-burning fires.

##### Silence from the Nest app.

Just burned the toast? Silence the false alarm with your mobile, not your tea towel.

##### Up to 10 years life span.

Nest Protect's long-lasting sensors keep you safe and sound for up to a decade.

##### Sleep safely and soundly.

Nightly Promise is a quick green glow that can be seen when you turn off the lights, letting you know everything's working as it should.
