

Powermesh 2 Gang Switch in Black

\$198.00

DESCRIPTION

The Powermesh multi-purpose switch is so much more than just a simple switch. App and voice control brings a new level of convenience at the switch, turning on lighting, heat lamps, garage lights, the electric oven, exhaust fans and anything else in the home.

The Behaviour Link feature allows you to connect switches in different parts of the home, so you can control it from either switch. You can also link a switch to a fan controller, power point or dimmer and the behaviour (dimming, change fan speed, turn on/off) will work from any of the linked switches. With no extra wiring, this is a renovator's dream solution. Set links in the Zimi app, easily relink them later if you change your mind.

Take control of all your switches anywhere, anytime with the free Zimi app. Turn them on and off, set automatic schedules, auto off timers, check energy use and also share your Powermesh network with family members, so everyone has smart control on their phone.

Voice control* your switches for hands-free convenience, using either Google Assistant, Amazon Alexa or Siri Shortcuts. 'Turn off the bathroom heat lamp'. 'Turn on the security lights at 8pm'. Add a switch command to a Voice Routine and automate multiple things with a single phrase.

*Voice control requires the [Zimi Cloud Connect](#) (sold separately), a compatible smart home speaker, and an active internet connection.

Visit www.zimi.life to learn more about how you can make life easier and smarter every day.

SPECIFICATIONS

SKU	299193
Brand	Powermesh
Weight (kg)	0
