

Bond 1 Light Floor Lamp in Black, Base Only

DESCRIPTION

Bond is an arc-style floor lamp supported by a solid marble base. It features a black, adjustable rod. Designed as a mix and match range, we have a modern black metal shade or white opal glass shade to choose from. It is also compatible with our existing Daryl shades when the included shade adaptor is removed. This style is perfect over a dining table as an overhead light or styled in a living room as a focal piece.
