

Abacus 7 Light LED Colour-Shifting Flare Pendant in Aged Brass with Opal Glass

\$1,695.00

DESCRIPTION

With minimalist styling, Abacus celebrates all things mid-century, with its clean lines softened by orbs of light suspended on adjustable arms.

The textured black with matte finish shades will add a bold and quite graphic element to a space, while the aged brass finish with opulent, gloss white glass provides a softer, more ethereal aesthetic.

For those seeking a deeper mid-century connection, the Bronze with Sepia glass is a retro-inspired combination that brings a sense of warmth and nostalgia without losing the architectural simplicity of this minimalistic design.

The Abacus collection is integrated with energy saving LEDs and includes Scene Control from the wall for greater flexibility, allowing you to personalise the colour of light output throughout the day. Accessing these scenes is incredibly easy via a standard wall switch. Flick Off/On within 3 seconds to cycle through the three scenes – Cool White (4000K), Warm White (3000K), and Daylight (5000K).
