

Forma 1 Light Table Lamp in Travertine with Natural Linen Shade

\$499.00

DESCRIPTION

The Forma 1 light table lamp is available in two stunning finishes: travertine or white. With a height of 610mm and a diameter of 422mm, this lamp is a designer piece that will make a statement in any room. Its curved cut-outs create a sculptural play on negative space that is both elegant and modern. If you choose the travertine option, you'll enjoy a beautiful natural stone base that is both durable, stylish, and sourced from Turkey. Travertine is a type of limestone that is deposited by mineral springs, giving it a unique and striking appearance that complements the large natural drum shade perfectly. Alternatively, the white option is perfect for those who prefer fresh white interiors or who want to add a touch of elegance to their bedroom. The Forma 1 light table lamp comes with a socket for an ES globe, and a maximum globe wattage of 45W (globe not included). Plus, it comes with a 12-month warranty for your peace of mind. Travertine is a naturally occurring material, so there will be slight variations in colour and pattern which makes every piece unique.
