

Festive Solar Neon Reindeer Face

\$34.95

DESCRIPTION

Add festive sparkle to your outdoor Christmas decorations with solar-powered neon LED garden lights. Choose from a vibrant Christmas tree or playful reindeer designs. No outdoor socket required thanks to the included solar panel and battery. With approximately 6 hours of charge time and around 8 hours of working time, your yard will glow all night long. The 2m wiring allows the solar panel to be placed in the best sunlight for optimal performance. Perfect for creating a festive atmosphere, these novelty lights are made with durable LED strips, metal frames, and a reliable solar panel. Backed by a 3 year warranty, they're a delightful addition to your holiday decor.
