

Caelid 254cm DC Fan with Light in Oil Rubbed Bronze with Koa Blades

\$1,495.00

DESCRIPTION

The Caelid fan, a true statement piece, comes in impressive 152cm and 254cm sizes, ideal for expansive alfresco spaces. Available in black, white, or oil-rubbed bronze with koa blades, it features three solid timber blades for a distinctive coastal look. The DC motor ensures efficient performance, enhanced by extra details on the motor housing. With a six-speed USB-C remote, Wi-Fi adaptability, and alfresco rating, it offers both style and convenience. The Caelid fan also includes an integrated light and light cap, making it a versatile addition to any large area.

DC Motor - Efficient, Cost Saving, and Quiet

The most energy-efficient ceiling fans on the market right now are DC or direct current, fans. The key to their improved airflow and low energy consumption is their motor, which also helps you save money on your electricity bill. Since the motor is small and light, DC ceiling fans have sleek designs that fit better in your interiors and cost just one cent an hour to run. Additionally, they are silent in operation, making them ideal for private spaces in your house like the bedroom. You have a lot of versatility with the speed settings of DC fans, which range from a light breeze to an extremely intense airflow.

Remote Control

6-speed rechargeable remote control. *USB-C cord and charger are not included. Our rechargeable remotes currently do not support USB-C fast charging, a USB-C to USB-A cord is required. For instructions on how to pair the remote, please follow the steps in this video: [Remote Pairing](#)

Smart Compatible

Insert the Lucci Connect Wi-Fi Module (sold separately - [216180](#)) into the receiver to activate smart functionalities. Once paired with the Lucci Connect app, you can turn your fan on/off, adjust its speed, set timers, and even create schedules based on the temperature outside.

Optional Light

Versatility to use light with included GX53 globe, or use included cap to cover the socket for a no light option.

Alfresco Rating

Suitable for indoor and alfresco areas provided the fan is fully undercover, protected from water, wind, dust, and salt, with a minimum of 2 walls.

Recommended Room Size

For rooms between 4m x 4m or greater, we recommend a fan between 142cm and above. This fan is recommended for extremely large indoor or alfresco spaces.

2-Year In-Home + 7-Year Motor Replacement Warranty

We provide a 2-year in-home warranty and a 7-year motor replacement warranty on all hard-wired Lucci or Fanaway fans. Plus, if you have your fan purchased or installed by a Beacon Lighting Trade member, we'll extend your in-home warranty on the nominated Lucci or Fanaway fan for an extra 1 year, which means you'll enjoy a 3-year in-home warranty.
