

Lucci 200mm Premium Round Exhaust Fan with 240mm Dia Cut Out in White

\$59.95

DESCRIPTION

The Premium Exhaust Fan range is designed for efficiency and convenience, making it a top choice for quickly ventilating bathrooms, kitchens, and other moisture-prone areas. With its high-performance motor, this fan effectively reduces humidity and odours, promoting a fresher, more comfortable environment. Installation is a breeze thanks to its plug-and-lead configuration, allowing for quick connection without complex wiring, while a built-in backdraft stopper prevents cold/hot air, pests and odours from re-entering the space. Built for reliability and ease, it's ideal for those who want powerful ventilation with a simple setup process.

Available in 2 sizes, with standard 240mm or 290mm cut-out sizes, the Premium exhaust fan can also be easily retrofitted into an existing bathroom ceiling.

PLEASE NOTE: 200mm refers to the fan motor diameter within the exhaust fan body. Please see dimensions and specifications for overall unit & fascia dimensions.
